

# A SERVICE PROVIDER YOU CAN ALWAYS RELY ON

Technology takes people, too.

With our suite of ICT solutions (Colocation, Hosting, Cloud, Managed Services, Security and Connectivity), Cogeco Peer 1 supplies its customers with the fast, reliable and secure ability to access, manage, move and store large amounts of data worldwide.

## Cloud

Cloud platforms and solutions that provide you with the freedom and flexibility to design platforms that truly fit your applications.

- On Demand Cloud
- Mission Critical Cloud
- Virtual Data Center
- Managed Private Cloud
- Microsoft Azure
- Microsoft Office 365

## Hosting

Hosting solutions that provide you with the power, performance and resiliency that support even the most demanding online applications, all backed by FirstCall Promise™.

- Servers
- Storage
- Management
- PCI Compliance
- Applications

## Connectivity

48,000km of FastFiber Network® that links together our global data centers in Europe and North America, all operated and managed by Cogeco Peer 1.

- Ethernet
- IP VPN
- Internet
- Wavelength
- Cloud Connect for ExpressRoute

## Managed Services

A comprehensive, fully managed solution with around-the-clock monitoring, maintenance and support.

- Hypervisor Management
- OS Management

- Online customer portal and ticketing system
- Flexible contract terms

### Compliance

- SOC 1 Type 2
- MEF 2.0 Certified
- PCI DSS Compliant
- The Green Grid Member
- Microsoft® Gold Certified Partner
- Red Hat® Advanced Hosting Partner

### Benefits

- Cogeco Peer 1 offers expert IT infrastructure services
- Our data centers are trusted, scalable and secure
- Our FastFiber Network® network has been the data transfer backbone to thousands of companies around the world, and is strengthened by our many global peering partners
- What distinguishes Cogeco Peer 1 from other IT infrastructure service providers is the depth of our expertise, the quality of our support, and the lengths we'll go to make sure our service-focused attention meets or exceeds your business goals. The capacity of our servers, data centers and network infrastructure is impressive, but what truly sets us apart in the marketplace is our experienced team, because technology takes dedicated people, too.
